Activity 2

- Create a PHP program that will display the given output below

Input Form:

The screenshot shows a web browser window with the address bar displaying 'localhost:2024/Activity202.php'. The page has a light gray background. At the top center, there is a blue rounded rectangle with the text 'MULTIPLICATION TABLE' in white. Below this, there are two input fields: 'Number of rows:' with the value '10' and 'Number of columns:' with the value '10'. To the right of these fields is a green button with the text 'OK'.

Output:

The screenshot shows a web browser window displaying a multiplication table. The table is titled 'Output:' and is a 10x15 grid. The columns are numbered 1 to 15, and the rows are numbered 1 to 10. The values in the cells are the products of the row and column numbers.

	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
1	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
2	2	4	6	8	10	12	14	16	18	20	22	24	26	28	30
3	3	6	9	12	15	18	21	24	27	30	33	36	39	42	45
