

BSIT-301

Activity 3

- Create a registration form and tuition fee calculations using php and html.

Output:

The image displays two screenshots of a web application for Adamson University Student Registration. The first screenshot shows the registration form with the following inputs: Name: Paulo De Leon, Course: Accountancy, and Number of Units: 34. A 'Calculate My Tuition' button is visible. The second screenshot shows the 'Tuition Fee Bill Receipt' after calculation. The receipt table is as follows:

Description	Particulars
Name	Paulo De Leon
Course	ACC
Number of Units	34
Tuition Fee Rate per Unit	P800.25
Total Tuition Fee	P29,708.50
Down Payment	P7,427.13
Remaining Balance	P22,281.38

Below the table is a link labeled 'Calculate Again'.
